

NEW WORLD LEADERSHIP

This internationally acclaimed Leadership program has been described by CEOs as real, honest, life-changing, and highly impactful. This twelve modular program is the basis of a sustainable culture of self-accountability, purpose, increased levels of consciousness.

*The New World Leadership™ Series takes the most progressive approach to leadership using current research in neuroplasticity, heart/brain connection, intuition, coaching and positive psychology along with a solid framework in Self-Awareness and Emotional Intelligence. A primary focus is on **Creating a Culture of Accountability**. Our unique Accountability Model is used throughout the program.*

*In this 12-month program, participants get a real opportunity to reflect, explore, practice and evolve in their people leadership skills. **Great Leadership meets at the crossroads of Science and Personal Evolution.***

At the centre of this program is our unique Accountability Model that provides leaders with tools, techniques and daily practices where a culture of true accountability can emerge. This Program is run using our Virtual Blended learning format, which includes full access to our online portal, learning materials and group discussions.

A leader's primary responsibility is to create a culture where each and every contributor wants to and does, take full responsibility for the outcomes they get. We Lead People to Choice.

We create a learning community that lasts a lifetime! Once you are a client of ours, your leaders become part of our community with access to our TeleClasses, coaching, video blogs and ongoing refresher programs. We are there long after the program concludes.
